Help us Stop Drunk Driving

You can help save lives

The Wednesday night before Thanksgiving has become a huge drinking night in many bars and taverns across our nation. Students and young adults come home for the Thanksgiving weekend and go out for reunion celebrations with old classmates and friends. The Marlboro Alliance for the Prevention of Substance Abuse wants to remind those out partying of the importance of securing a sober designated driver before going out for the evening.

Please be a Designated Driver!

Thank you and Happy Thanksgiving to All
