Marlboro Youth Exchange Program

Our community in Marlboro, New Jersey has two sister cities that participate in our Marlboro Youth Exchange Program. One is Nanto City in Japan and the other is Wujiang in China. This summer, Marlboro middle and high school students will be traveling to both Japan and China as ambassadors of our town and students from Japan will be staying with Marlboro families. Next year, another group of students will be traveling to Japan in the same capacity and students from China will travel here. The value of the student exchange is an experience of a lifetime as there is no better way to learn about another country, its customs, and the way of life of its people. The mixing of cultures and backgrounds provide young people with an unforgettable awareness of lifelong appreciation for each other. Everyone in the family benefits from a new understanding and friendships blossom.
