

Dear Fellow Neighbor:

Our great town of Marlboro is graced with two amazing first aid squads: **Morganville First Aid and Rescue Squad** located at 277 Tennent Road and **Marlboro First Aid Squad** located at Wyncrest and Stone Road. Both squads work together to keep our town safe 24 hours a day, 7 days a week, 365 days a year.

Morganville First Aid was officially incorporated on July 13, 1952 by twelve fellow Morganville residents and had only one ambulance. In 1971, twenty-one of your fellow Marlboro residents got together and founded the Marlboro First Aid and Rescue Squad, Inc. Combined for 101 years, our dedicated service is provided by your neighbors in their free time. Between both squads, we have two crews ready to serve you. We work together as one to provide the best care possible.

As volunteers, we strive for perfection and professionalism. The majority of our funding comes from donations. Your donation supports ongoing maintenance of our building, equipment, uniforms, training and more. Both squads provide free training and continuing education to our volunteer members so we are always prepared. Your donation will help keep our services free of charge.

***Please don't turn your back on us.*** Donate Now! No donation is too big or small. Any amount received is appreciated and will only be used for our squad needs. Below are the suggested amounts:

\$10            \$25            \$50            \$100            \$250            \$500            \$1000

Both squads cover our town. We encourage you to donate to the squad that covers your house. Please email or call either squad with questions. Feel free to check out our websites for more information and possibly donate your time by joining our team. We are always looking for new members.
