“The Ashley Lauren Foundation is a charity organization that offers help and hope to kids with cancer in New Jersey and their families. ALF depends on the support of the community-at-large in order to provide immediate relief for the daily burdens thrust upon those who are battling pediatric cancer. The goal of the foundation is to ease the journey when pediatric cancer is diagnosed by providing direct financial and material assistance.”

The Radiothon will feature special guests including families who have received help from ALF over the years, celebrity special guests, representatives from ALF, check presentations and much more!

You can get all the information on ALF at their website
www.ashleylaurenfoundation.org.

Anyone can visit Irwin Lincoln Mazda that day with a donation and to meet the great staff at Irwin who are incredibly proud to host this important event!
