INDEPENDENT AUDITORS' REPORT
FINANCIAL STATEMENTS
AND FOOTNOTES**

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members
of the Township Council
Township of Marlboro
Monmouth County, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements-regulatory basis of the Township of Marlboro ("Township"), County of Monmouth, State of New Jersey which comprise the comparative balance sheets – regulatory basis of the various funds and account group, as of December 31, 2016 and 2015, and the related comparative statements of operations and changes in fund balances – regulatory basis and the related notes to the financial statements for the years then ended, the statements of fund balance – regulatory basis, statements of revenues – regulatory basis and statements of expenditures – regulatory basis for the year ended December 31, 2016, as listed in the financial statements section of the accompanying table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services ("Division"), Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the requirements prescribed by the Division. Those standards and the requirements prescribed by the Division require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected were based on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 to the financial statements, the financial statements are prepared by the Township on the basis of the financial reporting provisions of the Division (regulatory-basis), which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Division.

The effects on the financial statements of the variances between the regulatory basis of accounting and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2016 and 2015, or the results of its operations and changes in fund balances for the years then ended.

Basis for Disclaimer of Opinion on Length of Service Award Program Fund (“LOSAP”)

As described in Note 16, the financial statements of the Length of Service Award Program Fund (“LOSAP”) have not been audited and were not required by the Division to be audited nor were we engaged to audit the LOSAP financial statements as part of our audit of the Township’s financial statements. The LOSAP financial activities are included in the Township’s Trust Fund, and represent 6.44% and 5.94% of the assets and liabilities, respectively, of the Township’s Trust Funds as of December 31, 2016 and 2015, respectively.

Disclaimer of Opinion on Length of Service Award Program Fund (“LOSAP”)

Due to the fact that we were not required by the Division to audit nor were we engaged to audit the LOSAP financial statements as part of our audit of the Township’s financial statements, we do not express an opinion on the LOSAP financial statements.

Qualified Opinion on Regulatory Basis of Accounting

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had the LOSAP financial statements been audited, the financial statements referred to above present fairly, in all material respects the comparative balance sheets-regulatory basis of the various funds and account group of the Township as of December 31, 2016 and 2015, and the results of its operations and changes in fund balances of such funds – regulatory basis for the years then ended, and the revenues - regulatory basis, expenditures – regulatory basis of the various funds for the year ended December 31, 2016 in accordance with the financial reporting provisions of by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Report on Supplementary Information as Required by the Division in Accordance with the Regulatory-Basis

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplementary information, as identified in the table of contents as schedules 1-A through 1-G and the comments section, is presented for purposes of additional analysis as required by the Division and is not a required part of the 2016 regulatory - basis financial statements of the Township. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2017 on our consideration of the Township's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

**REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members
of the Township Council
Township of Marlboro
County of Monmouth, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"); and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the regulatory-basis financial statements of the Township of Marlboro ("Township"), County of Monmouth, New Jersey as of and for the year ended December 31, 2016, and the related notes to the financial statements, and have issued our report thereon dated June 28, 2017, in which we expressed an adverse opinion on the conformity of the statements with accounting principles generally accepted in the United States of America due to the differences between those principles and the financial reporting provisions of the Division and a disclaimer opinion since we did not audit and the Division does not require the Length of Services Award Program ("LOSAP") to be audited.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

TOWNSHIP OF MARLBORO
MONMOUTH COUNTY, NEW JERSEY
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Governmental Accounting Standards Board (GASB) is the accepted standards-setting body for establishing governmental accounting and financial reporting principles. GASB's Codification of Governmental Accounting and Financial Reporting Standards recognizes three fund categories as appropriate for the accounting and reporting of the financial position and results of operations in accordance with generally accepted accounting principles (GAAP) to provide detailed information about the governmental unit. This structure of funds differs from the organization of funds prescribed under the regulatory basis of accounting utilized by the Township. The resultant presentation of financial position and results of operations in the form of financial statements is not intended to present the basic financial statements required by GAAP.

The Governmental Accounting Standards Board (GASB) established criteria to be used to determine which component units should be included in the financial statements of the oversight entity. The Division of Local Government Services, Department of Community Affairs, State of New Jersey ("Division") requires the financial statements of the Township of Marlboro ("Township") to be reported separately.

The Township is an instrumentality of the State of New Jersey, established to function as a municipality. The Township Council consists of elected officials and is responsible for the fiscal control of the Township.

The financial statements of the Township of Marlboro, County of Monmouth, New Jersey ("Township") include every board, body officer or commission maintained wholly or in part by funds appropriated by the Township, as required by the provision of N.J.S. 40A:5-5. The financial statements, however, do not include the operation of School Boards, Volunteer Fire Departments/Fire Districts and First Aid Squads which are subject to separate audits and would be considered component units under GAAP. Included within the financial statements are taxes levied, collected and turned over to School Boards and Fire Districts and appropriations for contributions to Volunteer Fire Departments and First Aid Squads. Complete financial statements of the above component units can be obtained by contacting the Treasurer of the respective entity.

Component units are legally separate organizations for which the Township is financially accountable. The Township is financially accountable for an organization if the Township appoints a voting majority of the organization's governing board and (1) the Township is able to significantly influence the programs or services performed or provided by the organization, or (2) the Township is legally entitled to or can otherwise access the organization's resources; the Township is legally obligated or has otherwise assumed the responsibility to finance the deficits of or provide financial support to the organization; or the Township is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the Township in that the Township approves the budget, the issuance of debt or the levying of taxes.

B. Description of Funds

The accounting policies of the Township of Marlboro conform to the accounting principles applicable to municipalities, which have been prescribed by the Division. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Marlboro accounts for its financial transactions through the following separate funds and an account group:

Current Fund – records resources and expenditures for governmental operations of a general nature, including Federal and State grant funds, except as otherwise noted.

Trust Fund – records receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created. In addition, the financial transactions of the following funds and accounts are also reported within the Trust Fund:

- Animal Control Trust Fund
- Trust Other Fund
- Escrow Deposit Trust Fund
- Open Space Trust Fund
- LOSAP Trust Fund - Unaudited

General Capital Fund – records resources and expenditures for the acquisition of general capital facilities, other than those acquired through the Current Fund and Utility Funds, including the status of bonds, loans, and notes authorized for said purposes. General bonds, notes and loans payable are recorded in this fund offset by deferred charges to future taxation.

Recreation/Swim Pool Utility Fund – records resources and expenditures for the recreation and swim programs and records resources and expenditures for the acquisition of capital facilities of the municipally owned Recreation/Swim Pool Utility.

Payroll Fund – records resources, deposits of gross salaries of municipal and utility operations into bank accounts of the payroll fund, Social Security and other payroll contributions are also deposited therein. Net salaries and remittances to all federal, state and other agencies are paid from this fund.

Water Utility Fund – records resources and expenditures for the operations and acquisition of capital facilities of the municipally owned Water Utility.

General Fixed Assets Account Group - The General Fixed Assets Account Group is used to account for fixed assets used in governmental fund type operations for control purposes. All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available or any other reasonable basis, provided such basis is adequately disclosed in the financial statements. Donated fixed assets are valued at their estimated fair value at the date of donation. No depreciation is recorded on general fixed assets.

C. Regulatory-Basis Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in the basic financial statements to be in accordance with GAAP. The Township presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

D. Basis of Accounting

Basis of Accounting and Measurement Focus - The basis of accounting, as prescribed by the Division for its operating funds is generally a modified cash basis for revenue recognition and a modified accrual basis for expenditures. The operating funds utilize a "current financial resources" measurement focus. The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from generally accepted accounting principles (GAAP) applicable to local government units. The most significant is the reporting of entity-wide financial statements, which are not presented in the accounting principles prescribed by the Division. The other more significant differences are as follows:

Revenues - Revenues are recorded as received in cash except for statutory reimbursements and grant funds, which are due from other governmental units. State and Federal grants, entitlements and shared revenues received for operating purposes are realized as revenues when anticipated in the Township budget. Receivables for property taxes and consumer charges are recorded with offsetting reserves within the Current Fund and Utility Funds. Other amounts that are due to the Township which are susceptible to accrual are recorded as receivables with offsetting reserves. These reserves are liquidated and revenues are recorded as realized upon receipt of cash. GAAP requires the recognition of revenues for general operations in the accounting period in which they become available and measurable, with the exception of utility consumer charges, which should be recognized in the period they are earned and become measurable.

Expenditures - For purposes of financial reporting, expenditures are recorded as "paid or charged" or "appropriation reserves." Paid or charged refers to the Township's "budgetary" basis of accounting. Generally, these expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the encumbrance accounting system. Reserves for unliquidated encumbrances at the close of the year are reported as a cash liability. Encumbrances do not constitute expenditures under GAAP. Appropriation reserves refer to unexpended appropriation balances at the close of the year. Appropriation reserves are automatically created and recorded as a cash liability, except for amounts, which may be cancelled by the governing body. Appropriation reserves are available until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred and not recorded in the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Generally, unexpended balances of budget appropriations are not recorded as income under GAAP.

For the purposes of calculating the results of Current Fund operations, the regulatory basis of accounting utilized by the Township requires that certain expenditures be deferred and raised as items of appropriation in budgets of succeeding years. These deferred charges include the two general categories of overexpenditures and emergency appropriations. Overexpenditures occur when expenditures recorded as "paid or charged" exceed available appropriation balances. Emergency appropriations occur when, subsequent to the adoption of a balanced budget, the governing body authorizes the establishment of additional appropriations based on unforeseen circumstances or for other special purposes as defined by statute. Overexpenditures and emergency appropriations are deducted from total expenditures in the calculation of operating results and are established as assets for Deferred Charges on the various balance sheets. GAAP does not permit the deferral of overexpenditures to succeeding budgets. In addition, GAAP does not recognize expenditures based upon the authorization of an appropriation. Instead, the authorization of special purpose expenditures, such as the preparation of tax maps or the revaluation of assessable real property, would represent the designation of fund balance.

TOWNSHIP OF MARLBORO
MONMOUTH COUNTY, NEW JERSEY
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Local Budget Law (N.J.S.A. 40A:4-1 et seq.) requires that certain transfers between funds, such as transfers from the Current Fund or Utility Operating Funds to a Self-insurance Trust Fund, transfers of anticipated operating surpluses among the Current Fund, transfers from utility operating funds to capital funds (i.e., finance capital projects) and transfers from the Current Fund to the Trust Funds or General Capital Fund are required to be included in the Township's annual budgets as budget appropriations. Expenditures are recorded upon the adoption of the budget for legally required transfers, and upon the determination of availability of funds for any discretionary transfers. Under GAAP, transfers are not recognized as expenditures.

New Jersey statutes require municipalities to provide annual funding to Free Public Libraries through the Current Fund Budget. Amounts paid on behalf of the Free Public Library or transferred to the custody of the Library's management are recorded as budgetary expenditures of the Township, notwithstanding the fact that the Library is recognized as a separate entity for financial reporting purposes. Under GAAP, the Library would be recognized, as a "component unit" of the Township, and discrete reporting of the Library's financial position and operating results would be incorporated in the Township's financial statements.

Property Acquired for Taxes - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the governmental capital assets at the lower of cost or fair value.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the accounting period the receivables are liquidated. GAAP does not require the establishment of an offsetting reserve.

Compensated Absences - The Township has adopted written policies via employee contracts and municipal ordinances which set forth the terms under which an employee may accumulate earned, but unused, vacation and sick leave, establishes the limits on such accumulations and specifies the conditions under which the right to receive payment for such accumulations vests with the employee. The Township records expenditures for payments of earned and unused vacation and sick leave in the accounting period in which the payments are made. GAAP requires that expenditures be recorded in the governmental (Current) fund in an amount that would normally be liquidated with available financial resources, and that expenditures be recorded in the enterprise (Utility Funds) funds on a full accrual basis.

Grants Received - Federal and State Grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Township's Budget. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Long-term debt - The Township's long-term debt is stated at face value. The debt is not traded and it is not practicable to determine its fair value without incurring excessive cost. Additional information pertinent to the Township's long-term debt is provided in Note 3 to the financial statements.

TOWNSHIP OF MARLBORO
MONMOUTH COUNTY, NEW JERSEY
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fixed Assets - Property and equipment acquired by the Current, Recreation/Swim Pool Utility and Water Utility Funds are recorded in their respective capital accounts at cost and are adjusted for dispositions and abandonments. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization represents charges to operations for the costs of acquisitions of property, equipment and improvements plus any costs funded from sources other than bonded debt of the utility. The utility does not record depreciation on fixed assets. GAAP does not require the establishment of a reserve for amortization for utility fixed assets, but does require the recognition of depreciation of these assets as an operating expense of the utility. The Township has developed a general fixed asset accounting and reporting system that utilizes multiple dollar thresholds for the inclusion of certain assets and also utilizes estimated insurable values, which are updated annually to reflect current appraisal values, for inventoried structures. Accordingly, a statement of general fixed assets, developed using recognized valuation methods and uniform capitalization rules, which is required pursuant to generally accepted accounting principles and accounting practices prescribed for municipalities by the Division, is included in the financial statements.

Net Pension Liability and Pension Related Deferred Outflows of Resources and Deferred Inflows of Resources and Pension Expense - the requirements of GASB Statement 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68* require governmental entities to record their distributive share of net pension liability, deferred outflows of resources, deferred inflows of resources and total pension related expense. Accounting principles applicable to municipalities, which have been prescribed by the Division, do not require the recording of these liabilities, deferrals and expenses, but do require the disclosure of these amounts. Refer to Note 9 - Pensions and Retirement Plans for these disclosures.

Comparative data – Comparative data for the prior year has been presented in order to provide an understanding of changes in the Township’s financial position and operations. However, comparative data has not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

GASB Statements implemented in 2016:

Statement No. 72, *Fair Value Measurement and Application* (“GASB 72”). The objective of this Statement is to provide guidance for applying fair value for certain assets and liabilities and disclosures related to all fair value measurements. The requirements of this Statement mandate the use of valuation techniques that are appropriate under the circumstances and for which sufficient data are available to measure fair value. The requirements of this Statement will enhance comparability of financial statements among governments by requiring measurement of certain assets and liabilities at fair value using a consistent and more detailed definition of fair value and accepted valuation techniques. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2015. Since the Township does not follow generally accepted accounting principles, the GASB will not result in a change in the Township’s assets, revenues or fund balances. However, it did result in additional note disclosures as required by the GASB (See Note 7 for additional information).

Statement No. 77, *Tax Abatement Disclosures* (“GASB 77”). This Statement is intended to improve financial reporting by requiring disclosure of tax abatement information about a reporting government’s own tax abatement agreements and those that are entered into by other governments and that reduce the reporting government’s tax revenues. The requirements of this Statement are effective for financial statements for

reporting periods beginning after December 15, 2015. Since the Township does not follow generally accepted accounting principles, the GASB will not result in a change in the Township's assets, revenues or fund balances. The Township's abatement program does not reduce the Township's tax revenue.

Subsequent Events - Management has reviewed and evaluated all events and transactions that occurred from December 31, 2016 through June 28, 2017, the date that the financial statements were issued, and the effects of those that provided additional pertinent information about conditions that existed at the balance sheet date, have been recognized in the accompanying financial statements.

NOTE 2: DEFERRED COMPENSATION PLAN

The Township has instituted a Deferred Compensation Plan ("Plan") pursuant to Section 457 of the Internal Revenue Code and P.L. 1977, C.381; P.L. 1978, C.39; P.L. 1980, C.78; and P.L. 1997, C.116 of the Statutes of New Jersey.

The Plan is an arrangement whereby a public employer may establish a Plan and permit its employees to voluntarily authorize a portion of their current salary to be withheld and invested in one or more of the types of investments permitted under the governing regulations.

The Township has engaged a private contractor to administer the Plan. The plan's assets are not the property of the Township and therefore are not presented in the financial statements.

As of December 31, 2016 and 2015, the amount held by third party administrators amounted to \$6,892,966.00 and \$7,253,489.13, respectively.

NOTE 7: DEPOSITS AND INVESTMENTS

Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation (FDIC) or by any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund. New Jersey statutes require public depositories to maintain collateral for deposit of public funds that exceed insurance limits as follows:

Cash on deposit is partially insured by federal deposit insurance in the amount of \$250,000.00 in each depository. Balances above the federal deposit insurance amount are insured by the Government Unit Deposit Protection Act (GUDPA), N.J.S.A. 17:941, et seq., which insures all New Jersey governmental units' deposits in excess of the federal deposit insurance maximums.

Based on GASB criteria, the Township considers cash and cash equivalents to include petty cash, change funds, demand deposits, money market accounts, short-term investments and cash management money market mutual funds, and are either any direct and general obligation of the United States of America and its agencies or certificates of deposit issued by any bank, savings and loan association or national banking association if qualified to serve as a depository for public funds under the provisions of the GUDPA. Cash and cash equivalents have original maturities of three months or less. Investments are stated at fair value.

At December 31, 2016 and 2015, the book value of the cash and cash equivalents of the Township consisted of the following:

	Book Balance	
	2016	2015
Cash (Demand Accts.)	\$ 71,077,613.15	\$ 79,721,922.24
Change/Petty Cash Funds	1,600.00	700.00
Total	\$ 71,079,213.15	\$ 79,722,622.24

The Township of Marlboro had the following depository accounts with bank balances at December 31, 2016 and 2015 as follows:

	Bank Balance	
	2016	2015
Insured-FDIC	\$ 500,000.00	\$ 500,000.00

NOTE 7: DEPOSITS AND INVESTMENTS (CONTINUED)

GASB Statement No. 40 requires that the Township disclose whether its deposits are exposed to custodial credit risk (risk that in the event of failure of the counterparty, the Township would not be able to recover the value of its deposit or investment). Deposits are considered to be exposed to custodial credit risk if they are: uncollateralized (securities are not pledged to the depositor), collateralized with the securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the name of the Township.

The Township does not have a policy for the management of custodial credit risk, other than depositing all of its funds in banks covered by GUDPA. At least five percent of the Township's deposits were fully collateralized by funds held by the financial institution, but not in the name of the Township. Due to the nature of GUDPA, further information is not available regarding the full amount that is collateralized.

Investments

New Jersey Statutes establish the following securities as eligible for the investment of Township funds:

1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States;
2. Government money market mutual funds;
3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided such obligation bear a fixed rate of interest not dependent on any index or other external factor;
4. Bonds or other obligations of the Township or bonds or other obligations of school districts of which the Township is a part and within which the school district is located.
5. Bonds or other obligations having a maturity date of not more than 397 days from the date of purchase that are approved by the Division of Investment of the Department of Treasury for investment by local units;
6. Local government investment pools;
7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section I of P.L. 1997, c. 281 (C.52:IXA-90G4);
8. Deposits with the New Jersey Asset and Rebate Management Fund ("NJ ARM"); or
9. Agreements for the repurchase of fully collateralized securities, if:
 - a. the underlying securities are permitted investments pursuant to paragraphs (1) and (3);
 - b. the custody collateralized is transferred to a third party;
 - c. the maturity of the agreement is not more than 30 days; and
 - d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C.199-41) and for which a master repurchase agreement providing for the custody and security of the collateral is executed.

Custodial Credit Risk: All of the Township's investments are insured or registered in the Township's name or held by an entity as its agent in the Township's name. The Township does not have a policy for custodial credit risk for its investments.

Concentration of Credit Risk: The Township places no limit on the amount the Township may invest in any one issuer.

NOTE 7: DEPOSITS AND INVESTMENTS (CONTINUED)

Credit Risk: The Township does not have an investment policy regarding the management of credit risk. GASB 40 requires disclosures be made to the credit rating of all debt security investments except for obligations for the U.S. Government or investments guaranteed by the U.S. government.

Interest Rate Risk: The Township does not have a policy to limit interest rate risk, however, its practice is typically to invest in investments with short maturities.

The Township generates Solar Renewable Energy Certificates (“SRECs”) and sells a portion of those credits annually both on the open market and pursuant to an Agreement for the purchase and sale of SRECs entered into with NRG Power Marketing LLC. The Township sold 400 SRECs during 2016 under this Agreement at a unit price of \$220 per SREC. Under this Agreement, the Township is obligated to sell another 400 SRECs during 2017 for the same unit price of \$220 per SREC. At December 31, 2016, the Township had minted 593 SRECs available for sale. The fair value of a SREC at December 31, 2016, as per the unit price published in the Flett Exchange was \$225 per SREC. Since the Township does not follow GAAP, the provisions of GASB 72 were not followed and accordingly the market value of the Township’s unsold SRECs at December 31, 2016 have not been recorded in these financial statements. The Township recorded \$195,186.00 in revenue from 2016 sales of SRECs in its Water Utility Operating Fund.

NOTE 8: ASSESSMENT AND COLLECTION OF PROPERTY TAXES

A taxable valuation of real property is prepared by the Tax Assessor as of October 1 in each year and filed with the County Board of Taxation by November 1 of the same year. The County Board of Taxation establishes tax rates to reflect the levy necessary for municipal, local school district, regional school district, special district, and county taxes.

Tax bills are prepared and mailed by the Collector of Taxes of the Township annually and set forth the final tax for the tax year. The bill contains a credit for preliminary amounts billed previously with the balance payable in equal installments on August 1st and November 1st of the tax year. In addition, the property owner receives a preliminary bill for the succeeding year based on one half of the previous year’s tax. The preliminary payments are due and payable on February 1st and May 1st. NJ Statutes allows a grace period of 10 days for each payment period and the Township granted this option to taxpayers. Taxes become delinquent if not paid on the installment dates and become subject to interest penalties of 8% to 18% of the amounts delinquent, and if a delinquency (including interest) is in excess of \$10,000.00 and remains in arrears after December 31, an additional flat penalty of 6% shall be charged against the delinquency. If taxes are delinquent on or after November 11th of the current year, the delinquent amount is subject to “Tax Sale” which places a tax lien on the property allowing the holder to enforce the tax lien by collection or foreclosure. New Jersey property tax laws establish a tax lien on real estate as of January 1st of the current tax year even though the amount due is not known.

NOTE 9: PENSION AND RETIREMENT PLANS

Substantially, all Township employees participate in the Public Employees' Retirement System or the Police and Firemen's Retirement System. The Division of Pensions within the Treasury Department of the State of New Jersey is the administrator of the funds and charges municipalities annually for their respective contributions. The plans provide retirement and disability benefits, annual cost of living adjustments, and benefits to plan members and beneficiaries. The Division of Pensions issues publicly available reports for each of the plans. The reports may be obtained by writing the State of New Jersey, Division of Pensions.

Covered employees are required by State statute to contribute a certain percentage of their salary to the plan. Each member's percentage is based on age determined at the effective date of enrollment. In addition, the PERS and PFRS bills the Township annually at an actuarially determined rate for its required contribution. The current rate of required contribution of annual covered payroll is 7.06% for PERS employees and 10.00% for PFRS.

Public Employee's Retirement System (PERS)

At December 31, 2016 and 2015, the Township's liability for its proportionate share of the net pension liability was \$30,530,840 and \$22,344,317 respectively. The net pension liability was measured as of June 30, 2016 and 2015, respectively and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2016, the Township's proportion was 0.1030850657 percent, which was an increase of 0.0035469311 from its proportion measured as of June 30, 2015.

At December 31, 2016, the Township's deferred outflows of resources and deferred inflows of resources related to PERS were from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of assumptions	\$ 7,488,528	
Net differences between projected and actual earnings on pension plan investments	567,781	
Changes in proportion	578,030

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of assumptions	\$ 2,399,601	\$ 359,254
Net differences between projected and actual earnings on pension plan investments	533,057

\$457,897 and \$427,881 as of December 31, 2016 and 2015, respectively, are reflected above as deferred outflows of resources related to pensions resulting from Township contributions subsequent to the measurement date. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions would be recognized in pension expense as follows, if the financial statements were prepared in accordance with generally accepted accounting principles:

Year ended December 31:	
2017	\$ 1,842,148
2018	1,842,150
2019	2,128,048

Actuarial Assumptions

The total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. This actuarial valuation used the following actuarial assumptions:

Inflation rate	3.08%
Salary increase through 2026	1.65 - 4.15%
Thereafter	2.65 - 5.15%
	based on age
Investment rate of return	7.65%

TOWNSHIP OF MARLBORO
MONMOUTH COUNTY, NEW JERSEY
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

NOTE 9: PENSION AND RETIREMENT PLANS (Continued)

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which was rolled forward to June 30, 2015. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate	3.04%
Salary increase through 2026	2.15 - 4.40%
	based on age
Thereafter	3.15 - 5.40%
	based on age
Investment rate of return	7.90%

The actuarial assumptions used in the July 1, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2015. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions the emerging liability may be higher or lower than anticipated. The more the expectation deviates, the larger the impact on future financial statements.

Mortality Rates

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for males and females) for service retirement and beneficiaries of former members with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA. The RP-2000 Disabled Mortality Tables (setback 3 years for males and setback 1 year for females) are used to value disabled retirees.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2016 are summarized in the following table:

Discount rate

The discount rate used to measure the total pension liability was 3.98% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65%, and a municipal bond rate of 2.85% as of June 30, 2016 based on the Bond Buyer GO 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 30% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2034. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2034 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

The discount rate used to measure the total pension liability was 4.90% as of June 30, 2015. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.90%, and a municipal bond rate of 3.80% as of June 30, 2015 based on the Bond Buyer GO 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to

Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

The average of the expected remaining service lives of all plan members is 5.57 and 5.72 years for 2016 and 2015, respectively.

Police and Firemen's Retirement System (PFRS)

At December 31, 2016 and 2015, the Township's liability for its proportionate share of the net pension liability was \$42,989,697 and \$38,675,470, respectively. The net pension liability was measured as of June 30, 2016 and 2015, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2016, the Township's proportion was 0.2250468106 percent, which was a decrease of 0.0071474491 from its proportion measured as of June 30, 2015.

At December 31, 2016, the Township's deferred outflows of resources and deferred inflows of resources related to PFRS were from the following sources:

\$917,449 and \$943,697 are reported as deferred outflows of resources as of December 31, 2016 and 2015, respectively, related to pensions resulting from Township contributions subsequent to the measurement date. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions would be recognized in pension expense as follows, if the financial statements were prepared in accordance with generally accepted accounting principles:

Year ended December 31:	
2017	\$ 1,888,992
2018	1,888,993
2019	2,608,350
2020	<u>1,481,200</u>
	<u>\$ 7,867,535</u>

Actuarial Assumptions

The total pension liability for the June 30, 2016 measurement date was determined by an actuarial valuation as of July 1, 2015, which was rolled forward to June 30, 2016. This actuarial valuation used the following actuarial assumptions:

Inflation rate	3.08%
Salary increase through 2026	2.10 - 8.98%
Thereafter	based on age 3.10 - 9.98%
Investment rate of return	based on age 7.65%

The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2013.

Mortality Rates

Pre-retirement mortality rates were based on the RP-2000 Pre-Retirement mortality tables projected thirteen years using Projection Scale BB and then projected on a generational basis using the plan actuary's modified 2014 projection scales. Post-retirement mortality rates for male service retirements and beneficiaries are based on the RP-2000 Combined Healthy Mortality Tables projected one year using Projection Scale AA and two years using the plan actuary's modified 2014 projection scales. Post retirement mortality rates for female service retirements and beneficiaries were based on the RP-2000 Combined Healthy Mortality Tables projected thirteen years using Projection Scale BB and then two years using the plan actuary's modified 2014 projection scales, which was further projected on a generational basis using the plan actuary's modified 2014 projection scales. Disability mortality rates were based on special mortality tables used for the period after disability retirement.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PFRS's target asset allocation as of June 30, 2016 are summarized in the following table:

Asset Class	Allocation	Real Rate of Return
Cash	5.00%	0.87%
U.S. Treasuries	1.50%	1.74%
Investment Grade Credit	8.00%	1.79%
Mortgages	2.00%	1.67%
High Yield Bonds	2.00%	4.56%
Inflation-Indexed Bonds	1.50%	3.44%
Broad US Equities	26.00%	8.53%

	100.00%	

Discount rate

The discount rate used to measure the total pension liability was 5.55% as of June 30, 2016. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.65%, and a municipal bond rate of 2.85% as of June 30, 2016 based on the Bond Buyer GO 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 30% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2050. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2050, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Discount rate (Continued)

The discount rate used to measure the total pension liability was 5.79% as of June 30, 2015. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.90%, and a municipal bond rate of 3.80% as of June 30, 2015 based on the Bond Buyer GO 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2045. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2045, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Special Funding Situation

Under N.J.S.A 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation and the State is treated as a non-employer contributing entity. The non-employer contributing entities' total proportionate share of the collective net pension liability that is associated with the Township as of June 30, 2016 and 2015 is 0.2250468106% and 0.2321942597%, respectively, and the non-employer contributing entities' contribution for the year ended June 30, 2016 and 2015 was \$68,693 and \$176,556, respectively. The State's proportionate share of the net pension liability attributable to the Township for the year ended December 31, 2016 and 2015 was \$1,792,740 and \$3,391,709, respectively.

NOTE 10: POST RETIREMENT HEALTH BENEFITS

State Health Benefits Program (SHBP)

Plan Description:

The Township contributes to the State Health Benefits Program (SHBP) a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pension and Benefits for a very limited number of employees. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq. to provide health benefits to State employees, retirees, and their dependents. Participation by the Township in this plan is limited to 4 retirees and their dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at <http://www.state.nj.us/treasury/pensions>.

Plan Coverage:

There are only four retirees and their dependents of the Township and the former Marlboro Township Municipal Utility Authority that are covered under this plan.

NOTE 10: POST RETIREMENT HEALTH BENEFITS (CONTINUED)

Funding Policy:

Participating employers contractually contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health premiums of participating employees in the SHBP are billed to the Township on a monthly basis. Eligible employees and retirees have the option of choosing from several medical and prescription benefit plans.

Other:

In addition to the above, the Township offers a very limited post-employment benefit plan to individuals employed by the Township prior to April 3, 2014. Effective January 1, 2002, the Township pays annually to each qualified retiree, a sum of \$4,000 per year from the time of retirement until the retiree reaches age sixty-five. Currently, only eleven retirees received payments as part of this plan during 2016.

NOTE 11: RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; error or omission, injuries to employees; and natural disasters. The Township is a member of the Monmouth County Municipal Joint Insurance Fund ("JIF"). The JIF is a public entity risk pool currently operating as a common risk management and insurance program for municipalities established for the purpose of insuring against property damage, general liability, motor vehicles and equipment liability and workers' compensation. While additional assessments on premiums can be levied by the JIF to assure payment of the JIF's obligations, no such additional premiums have been necessary as of December 31, 2016. The JIF is expected to be self-sustaining through member premiums of which the Township portion is reported as expenditure in the Township's financial statements and liabilities of the JIF are based on the estimated ultimate cost of settling the claims. The JIF participates in the Municipal Excess Liability Program, which has a contract for excess liability insurance.

The Township is involved in lawsuits with the State of New Jersey and a builder regarding the Township's affordable housing obligations. This lawsuit is not expected to affect the Township's operations as it relates to the use of the accumulated balances related to affordable housing in the Township's Trust Other Fund.

The Township is not aware of any claims pending that have a demand in excess of coverages provided under the JIF. In addition, there were no significant reductions in insurance coverage from prior year coverage and there were no amounts settled which exceeded insurance coverage for each of the past three years.

NOTE 12: ACCRUED SICK AND VACATION BENEFITS

As discussed in Note 1 and in accordance with accounting principles prescribed by the State of New Jersey, the cash basis of accounting is followed for recording the Township's liability related to unused sick pay. The Township permits its employees to accumulate unused sick and vacation pay. The Township estimates the current cost of such unpaid compensation to be \$2,638,791.14 and \$2,715,526.94 at December 31, 2016 and 2015, respectively. In accordance with New Jersey accounting principles, this amount is not reported as an expenditure or liability in the accompanying financial statements.

NOTE 13: TAX APPEALS

At December 31, 2016, there are several tax appeals pending before the New Jersey Tax Court requesting a reduction of assessed valuation for 2016 and prior years. Any reduction in assessed valuation will result in a refund of prior year's taxes in the year of settlement, which may be funded from the Township's tax levy or through the issuance of refunding bonds per N.J.S. 40A:2-51. In accordance with the National Council on Governmental Accounting Statement 4, "Accounting and Financial Reporting Principles for Claims and Judgments and Compensated Absences," the Township charges current fund operations for all State Board Judgments rendered during the year which will be paid from expendable available financial resources. The Township's share of the County taxes paid on any successful tax appeal would result in appropriate reductions applied against the County tax levy of the following year.

NOTE 14: CONTINGENT LIABILITIES

The Township is involved in certain legal proceedings, the resolution and impact on the financial statements of which, individually or in the aggregate, in the opinion of management as advised by legal counsel, would not be significant to the accompanying financial statements.

The Township participates in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditioned upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditures of funds for eligible purposes. These programs are also subject to compliance and financial audits by the grantors or their representatives. As of December 31, 2016, the Township does not believe that any material liabilities will result from such audits.

On May 1, 2013, the Council on Affordable Housing ("COAH"), State of New Jersey passed a resolution authorizing the COAH to begin the process of seizing "uncommitted" municipal affordable housing trust funds. The COAH issued letters to all municipalities in the State of New Jersey requesting them to certify the amount of funds held in trust that are committed and uncommitted and submit the information to COAH. On May 13, 2013, the Appellate Court of the State of New Jersey issued an injunction regarding the resolution passed by the COAH on May 1, 2013 no longer requiring local municipalities to certify the amount of committed and uncommitted funds held in trust. On May 28, 2013, the New Jersey Supreme Court kept in place the portion of the stay ordered by the Appellate Division, thereby enjoining the State from seeking the transfer of any affordable housing trust funds. However, the Court lifted the portion of the stay which prohibited the State from its administrative process of gathering and evaluating municipal submissions. On June 25, 2013, municipalities with affordable housing trust funds were issued a letter from the COAH giving all municipalities to August 2, 2013 to confirm or challenge the figures of funds that the COAH records indicate are being held by local municipalities for affordable housing. On September 26, 2013, the New Jersey Supreme Court again affirmed, in part, the Appellate Division Court decision passed on May 1, 2013 and also gave the COAH five months until February 26, 2014 to promulgate new regulations which would comply with the Fair Housing Act. On February 26, 2014, COAH filed an extension requesting to extend that time frame until May 1, 2014 which was granted by the New Jersey Supreme Court on March 14, 2014, subject to certain provisions, including the COAH to propose new regulations by May 1, 2014 and adopt such regulations on or before October 22, 2014. In October 2014, the COAH failed to meet the deadline established by the New Jersey Supreme Court. In March 2015, the New Jersey Supreme Court made a determination that affordable housing obligations would be administered by the Court. As of December 31, 2016 and 2015, the Township held

NOTE 16: LENGTH OF SERVICE AWARD PROGRAM ("LOSAP") - UNAUDITED

The Township has established a Volunteer Length of Service Award Plan ("LOSAP") to ensure retention of the Township's volunteer First Aid squads. The Plan shall be construed under the laws of the State of New Jersey and is established with the intent that it meets the requirements of a length of service award plan under Section 457(e)11 of the Internal Revenue Code.

Annual Contributions – The Annual contribution to be made by the Township for each active volunteer member shall be \$1,150.00 per year of active emergency service, commencing with the year 2003.

Appropriations – Appropriations for the purpose of funding the Township's LOSAP shall be included as a separate line item in the Township's budget, commencing with the year 2004.

Criteria for Eligibility; Contributions; Points – Any active volunteer member shall be eligible to participate in the LOSAP Plan immediately upon commencement of the member's performance of active volunteer service in the emergency service organization. Annual contributions shall only be made by the Township, however, for those active volunteer members who have earned the minimum number of points for performing certain volunteer services on a yearly basis.

Determination as to Eligibility – Each emergency service organization shall provide to the Township Administrator, acting as the Plan Administrator of LOSAP plan, a certified list as to the active volunteer members who are initially eligible to participate in the Plan and those who are eligible to participate as of each January 1 thereafter. The Plan Administrator shall forward said certified list to the Township Council for approval, in accordance with the provision of N.J.A.C. 5:30-14.10. The decision of the Township Council as to such active member's eligibility shall be binding upon the Plan Administrator, participants, beneficiaries and any and all other persons having an interest hereunder, subject to appropriate judicial review.

NOTE 16: LENGTH OF SERVICE AWARD PROGRAM (“LOSAP”) - UNAUDITED

Terms of Participation – The Plan Administrator shall have the right to require any active volunteer member at the time of his or her becoming a participant to agree, in writing, to be bound by the terms, covenants and conditions of the LOSAP and accompanying trust. Each participant shall furnish to the Plan Administrator all pertinent information required for the administration of the LOSAP. The Plan Administrator shall rely upon all such information furnished.

Vesting – The Active volunteer member shall not be permitted to receive a distribution for the fund in his or her LOSAP account until the completion of a five-year period.

Termination of Services – Any participant who terminates service as an active volunteer member shall cease to participate hereunder. A former participant may resume participation immediately upon returning to the service of the emergency service organization as an active volunteer member. Any active volunteer member who terminates service with the emergency service organization, subsequently returns to service and again becomes a participant shall be treated as a new participant for purposes of eligibility unless said participant was fully vested prior to his or her termination from service.

Reporting Requirements – N.J.A.C. 5:30-14.49 requires that the Township perform a separate review report of the Plan in accordance with the American Institute of Certified Public Accountants Statements for Accounting and Auditing Review Services.

The Township has authorized The Variable Annuity Life Insurance Company, as the plan provider. As of December 31, 2016 and 2015, the cumulative balance of the Length of Service Award Program was and \$1,273,390.61 and \$1,169,082.09, respectively and is recorded in the Trust fund of the Township as part of the investments and miscellaneous reserves.

In accordance with N.J.A.C. 5:30-14, the funds held in the LOSAP remain the assets of the Township until they are distributed and as such are subject to the claims of the Township’s general creditors.

**PART III – SUPPLEMENTARY DATA AND SCHEDULES –
OTHER SUPPLEMENTARY INFORMATION –
AS REQUIRED BY THE DIVISION OF LOCAL GOVERNMENT SERVICES**

COMMENTS SECTION

**TOWNSHIP OF MARLBORO
COUNTY OF MONMOUTH, NEW JERSEY
YEAR ENDED DECEMBER 31, 2016**

COMMENTS

An audit of the financial accounts and transactions of the Township of Marlboro, County of Monmouth, New Jersey, for the year ended December 31, 2016, has recently been completed. The results of the audit are herewith set forth:

Scope of Audit

The audit covered the financial transactions of the Tax Collector and Treasurer, the activities of the Mayor and Township Council and the records of various outside departments.

Cash and investment balances were reconciled with independent certifications obtained directly from the depositories.

Revenues and receipts were established and verified as to source and amount insofar as the records permitted on a test basis.

Our audit was made in accordance with auditing standards generally accepted in the United States and in compliance with the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey ("Division"). Therefore, our audit included the procedures noted above as well as tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Contracts and Agreements Required to be Advertised Per N.J.S.A. 40A:11-4

N.J.S.A. 40A: 11-4 states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3: of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the bid threshold as set forth in New Jersey Statute 40A.4:11-4". The amount of \$40,000 for the period July 1, 2016 through December 31, 2016 are the thresholds set forth in the aforementioned Statute for the year ended December 31, 2016. The Township has elected to use a lower threshold in the amount of \$25,000 for 2016.

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed the thresholds identified above within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Township Council's opinion should be sought before a commitment is made.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts and agreements for "Professional Services" per N.J.S.A. 40A:II-5. Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring or any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body, on January 7, 2016 adopted a resolution authorizing interest to be charged on delinquent taxes and assessments, as follows:

8% Interest on Amounts up to \$1,500.00 on Delinquent Tax and Assessment Accounts.

18% Interest on Amounts from \$1,500.00 and above on Delinquent Tax and Assessment Accounts.

6% penalty to be charged on amounts in excess of \$10,000.00 remaining after year end.

Ten (10) Day Grace Period

An examination of the collector's records, on a test basis, indicated that interest on delinquencies was calculated in accordance with the foregoing resolution, for items tested.

Collection of Delinquent Taxes and Other Charges

Test verification of tax billings and utility charges was made in accordance with regulations issued by the Division.

Alternate procedures for non-replies were performed as follows:

- (1) Mechanical accuracy testing of the tax and utility calculation and verification of the assessed valuation on amount billed.

Comparison of Tax Levies and Collections

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.
