NEW JERSEY 2010 LOCAL UNIT LEVY CAP LAW

P.L. 2007, c. 62, was amended by P.L. 2008 c. 6 and P.L. 2010 c. 44 (S-29 R1). The last amendment reduces the 4% to 2% and modifies some of the exceptions and exclusions. It also removes the LFB waiver. The voter referendum now requires a vote in excess of only 50% which is reduced from the original 60% in P.L. 2007, c. 62.

BUDGET MESSAGE 2022

As I draft this message, war is raging in the Ukraine. In response to this illegal invasion, the nations of the world have banded together to impose severe economic sanctions against Russia, ones which promise to have a punishing effect on the ordinary citizens of that country. The conflict increasingly threatens to draw in the United States and Europe. While taking place thousands of miles away, this is yet another reminder that world events matter and have implications for us here at home. Anyone who has taken a trip to the gas station over the past week received a painful reminder. And of course, the global pandemic we have been living through clearly highlights just how interconnected our collective fortunes are.

On the pandemic front, I am optimistic that 2022 is setting up to be a better year for all of us. We now have the benefit of experience and research, vaccines and medication, and we are all better prepared to respond with more targeted policies to ensure our collective health and well-being. Case counts are way down in Monmouth County, and things are looking up as we head into Spring. I remain forever grateful for our employees and volunteers who reported to work and ensured the continuity of municipal operations during this time. I extend a special thank you to the police officers and volunteer fire and EMS professionals who serve on the front line and keep us safe every day.

While we are all hoping that the worst of this virus is behind us, extreme weather events are not going away. Our “new normal” is that we need to be equally prepared and alert for the fast-moving summer lightning, ice and snow storms and the Sandy and Irene hurricanes of recent years.

Of course, I never make the mistake of saying Spring without reminding everyone that we are still in the throes of winter. It is not uncommon for us to experience winter weather in March and even into April, and we all know the toll winter storms take on the roads, our schedules, our patience and the Township budget. My message is the same as in years past, that together, we will continue to “Weather the Storms”. Incidentally, “storms” are now a metaphor for just about every crisis we can imagine and beyond, from hurricanes to extreme rainfall, multi-day snow events to pandemics. For 2022, we present another budget plan that maintains service levels and ensures the safety and well-being of our great community.

First, an important reminder about this Township budget. In New Jersey, towns are charged with collecting property taxes for all local government entities including the independent school districts, the County and individual Fire Districts. Only a portion of the amount collected is retained for municipal services such as police, parks, public works and road improvements. Think of your property tax bill in the form of a pie chart, with the amount under the Mayor and Council’s purview amounting to about 18%. The budget that is the subject of this message is responsible for 18% of your total tax bill.

As reported last year, the Township absorbed expenditures related to the pandemic in 2020 and 2021. The 2022 budget plan also provides for continued pandemic-related spending totaling approximately \$176,285. On the revenue side, the Township has now experienced consecutive years of revenue loss totaling more than \$1.2 million related to commuter parking, court operations and investment income -- a direct result of the pandemic -- which negatively impacted the 2020 and 2021 bottom lines. Based upon current trends, it is expected that revenue losses in these three areas will continue in 2022.

The Township has received approximately \$2 million in federal pandemic aid (from the Local Fiscal Recovery Act of 2021) which is utilized in this 2022 budget to “make the Township whole”. In accordance with Federal and State guidance, this funding will be used to replace revenue lost directly as a result of the pandemic so that taxpayers do not have to make up the difference. This will ensure we retain our strong financial footing.

Since I took office in 2008, our focus has been on maintaining the suburban character of the Township which appeals to our long-time residents and has also served to attract new residents. During my tenure, we have preserved more than 260 acres of open space and farmland, protecting valuable land from development for the benefit of generations to come. We have concentrated our efforts on preserving what was left of the large parcels in town to avoid further sprawl in our community. We recognize that the preservation of open space and improvements to our recreational areas are critical to maintaining the quality of life we enjoy in this town, and this will remain a top priority in 2022.

A strong and stable financial footing is critical to maintaining Marlboro's status as one of the premier suburban communities in New Jersey. I am pleased to report that Marlboro's financial position remains strong, even in the midst of the most significant financial crisis since the Great Depression. Standard & Poors assigned a **AAA** rating to the Township's credit first in 2017, the highest quality of credit available in the marketplace. In 2021, Moody's followed suit with its own **Aaa** rating of the Township's credit, making Marlboro one of only six towns in the entire State to enjoy the highest rating available. The result is the lowest cost of borrowing available resulting in significant taxpayer savings for critical road, drainage, park and other capital improvements.

As I have explained before, all towns in New Jersey are "creatures of the State", subject to its regulations, mandates and to paying the bills it sends down to the local level. Since 2007, costs for items required or established by the State of New Jersey have increased by approximately \$4.305 million or 78.80%. Budget appropriation items set at the local level have increased by only 19.09% since 2007, despite the budget pressures we have faced associated with the pandemic and response to extreme weather events.

In summary, the 2022 budgeted appropriations results in an overall increase in appropriations of \$1,940,080 or 4.78%, inclusive of the one-time emergency appropriation for recreation programming during the pandemic. This translates into an increase to the average assessed household of about \$12 per quarter or approximately 2.3%.

This budget is under the State levy cap by \$1.215 million, and is also \$1.419 million under the State spending cap. The Township remains well under the State established limits on both taxation and spending.

We have worked hard to strengthen the Township's balance sheet, and the state of our finances is indeed the driving factor behind our triple A bond ratings from both Standard & Poors and Moody's. At the same time, we continue to present to the rating agencies that the Township intends to carry out its capital program and invest in infrastructure for the long term. We have paved more than 25% of Township-owned roads, allocating more than \$15 million towards road and drainage improvements in just the past five years. Yet, even with these historic investments in infrastructure, borrowing levels still remain manageable, at less than 20% of the Township's legal capacity.

In this regard, the 2022 proposed budget includes the required 5% down payment on more road and drainage improvements, to be launched as soon as this spring. Maintaining the Township's infrastructure is expensive. For example, the cost of road reconstruction averages in excess of \$500,000 per mile—and we have more than 200 miles of local roads in Marlboro! That said, we continue to invest knowing that it is good fiscal policy to do so, especially when we are able to borrow as a triple A credit in a time of historically low interest rates.

In addition, we continue to leverage local capital dollars using outside grants, reducing the local taxpayer burden for the quality-of-life projects so important to this community. In 2021, the Township received \$250,000 from the New Jersey Department of Transportation (NJDOT) for the resurfacing of Ryan Road and \$75,000 in grants for parks and recreation improvements.

The Township also applied for and received \$205,000 for equipment and systems required to outfit police officers with body cameras. The Township will be seeking opportunities to apply for federal infrastructure funding for several projects identified in our multi-year capital plan as grant programs are announced.

Marlboro also has a number of roadways under County and State jurisdiction, and we spend a lot of energy coordinating with these other entities to ensure our infrastructure gets the attention it deserves. We eagerly await Monmouth County's improvements at the intersection of Wyncrest and 520 which will include the addition of a dedicated turn lane. As soon as the redesign of the County-owned drainage culverts adjacent to Station Road has been completed and permitted by the NJDEP, the Township will be able to complete the long-awaited reconstruction of the roadway. Route 79 is a State Highway, but an important corridor through our community. At our urging, beginning this year, the State will repave the highway and make improvements to numerous intersections in Marlboro, including a combination of ADA upgrades, traffic striping and signal modifications as warranted at School Road, Wyncrest Road, Tennent Road, Route 520, Ryan Road and Lloyd Road. We have successfully petitioned the NJDOT for two additional traffic lights on Route 79 to ensure that the safe and efficient passage of motorists, pedestrians and bicyclists. And we also continue our work on the Route 79 Sidewalk project that will make Route 79 walkable between Route 520 and Wyncrest Road at the Henry Hudson Trail. This project is a critical component of the "Community Vision" Plan we adopted when I was elected, and notably, is funded by Federal and State dollars.

Our capital plan continues to focus on roads, drainage and improvements to walkways and traffic intersections, to improve vehicle safety as well as enhance the walkability of our community. The Stattel Farm properties located at the busiest intersection in the Township are the centerpiece of a plan to connect and make key locations more accessible, including schools, the municipal complex and library, retail establishments and houses of worship. The Township's acquisition of the Stattel Farm protected 56 acres from development in perpetuity, preventing more than 500 homes from being built. An added bonus – the Stattel Farmstand is now home to the Marlboro Farmers Market! The Market first opened in 2019 and its third season was the most successful of all, capped off by a Holiday Market in November. We are looking forward to hundreds of additional acres of open space in Marlboro at the site of the former State Hospital Property. The State is in the final stages of remediating the property – a hidden jewel within our community – and anticipates completing a related water and sewer project in the areas of Conover and Pleasant Valley Road by the end of 2021. Our efforts to preserve open space and farmland in lieu of new residential development are critical to maintaining our suburban character. We are now poised to preserve the VanMater Farm on Route 79, another 28 acres of precious farmland that will never be developed, and 14 acres off of Beacon Hill Road, expanding an existing 33 acre oasis of Township park land. Only State grants and dedicated open space dollars are slated for these acquisitions, with no impact on local taxpayer.

In the area of recreation, we have not let the pandemic get in the way of much needed facility improvements. Additional improvements at Marlin Estates and Wicker Parks were completed in 2021, and the second phase of improvements to Nolan Road Park is nearly done, offset by a \$200,000 County grant. Improvements to the courts at the Recreation Center and H&L soccer facility behind the Middle School are well underway. Our ever-growing senior citizen community started the Pickleball craze in Marlboro, and now it is enjoyed by adults of all ages on eight (8) new courts open and available across the Town.

As I have said many times before, we realize that reducing the size of government is not a fixed goal, but a process by which we constantly review our service offerings and attempt to deliver them more efficiently. We have dissolved redundant governmental agencies, established separate and distinct revenue streams to fund user-based programs, and secured goods and services more cost effectively through purchasing cooperatives and partnerships.

In 2020, we entered into reciprocal shared services agreements with Colts Neck concerning use of its police firearms range and Marlboro's decontamination facilities. The Western Monmouth Utilities Authority continues to supply Marlboro DPW with snowplow operators and a confined space entry rescue team. Matawan Borough remains a partner in the area of

animal control services. We are entering into another agreement with Aberdeen for the paving of Greenwood Road on both sides of the border. We are the beneficiary of numerous shared services agreements with the Marlboro Board of Education, for the joint purchasing of electricity, bus transportation, food and custodial services. To sum it up, we regularly look for opportunities to share services with other municipalities in order reduce duplication and the cost to local taxpayers. At the same time, where public services can be performed more efficiently elsewhere, we continue to look to the private sector. For example, the Department of Public Works (DPW) contracts out the maintenance of preserved open space parcels, street sweeping functions, and snow removal and maintenance of commuter parking lots. This frees up critical DPW resources dedicated to snow removal and maintenance work on our Township roadways.

As a society, we have begun to see signs of the long-term impacts of this pandemic as it relates to our school kids. Extended periods of isolation coupled with lack of access to needed resources has taken its toll. In this light, our continued partnerships with both School Districts remain a top priority. Maintaining a safe and supportive community begins with protecting our kids while they are receiving an education. In addition to our commitment to supply School Resources Officers (SROs) to the schools, this 2022 budget proposal once again fully funds the Township's share of the School Security Officer (SSO) program--police officers continue to be present in our schools to ensure that our kids remain safe. The Marlboro Municipal Alliance and the Department of Public Safety understand the critical nature of a strong presence in the schools, and we will continue to share resources and offer additional "eyes and ears" to ensure that we are addressing issues before they become more serious problems.

We understand how critical public safety is to maintaining our standard of living, and "eyes and ears" as well as an open line of communication with residents is an important key. Burglaries and car thefts have plagued suburban towns across the State for some time, and cooperation between our police force and regular citizens has resulted in numerous arrests. That said, we must all remain vigilant and take simple steps such as locking our personal vehicles to ensure the continued well-being of our community and safety of our residents.

This pandemic has placed a significant amount of stress on our local business community. In response, we have undertaken a number of initiatives to assist small businesses offering outdoor dining and fitness classes, and have regularly promoted what grocery and retail food options were available within our community. The continued health of our small business sector depends upon us to shop local, particularly in these incredibly difficult times. Moreover, the health of our small business community is directly linked to our quality of life and status as a premier residential community.

As in years past, we continue to be aggressive in efforts to attract new clean commercial ratables—more than \$126 million and approximately 1.5 million square feet since 2008—through our Economic Development Committee. Commercial tax dollars reduce the pressure on residential taxpayers to fund local government services. And under the Shop Marlboro Property Tax Rewards program, residents who are receiving credits on their local tax bill for buying local are experiencing a direct financial benefit. I urge all residents to join this groundbreaking program and experience the benefits first-hand.

In addition to the Township's triple A bond rating, another outside assessment of Marlboro's finances comes from the Township's independent auditor. I am pleased to once again report that we have received another annual audit without any negative comments or recommendations. That makes nine (9) in a row. More importantly, after years of reducing the reliance on non-recurring revenues, the Township's budget picture remains stable. For the average assessed household valued at \$495,437, while funding a one-time emergency appropriation for recreation programming during the pandemic, maintaining existing service levels, school security and a commitment to infrastructure improvements, this budget proposal results in an increase in the amount raised by taxation of approximately \$12 per quarter. This results in a total estimated cost of \$2,026 per year for the average assessed household for all municipal services including police, parks, public works and road improvements.

Just like our standard of living depends in part on how the State and County maintain highways that run through our town, the same goes for electricity and internet access infrastructure. We rely on what are essentially monopolies regulated by the State to provide us with these basic services, the reliability of which has been unacceptable at times. I continue to use the pulpit of the Mayor's office to pressure these monopolies into being more accountable to customers, and engaging State officials and legislators in the fight.

As I started by saying, although challenges still remain, I am hopeful that we are climbing out of this period in our history. Through this time, with the active participation of our resident volunteers, we continued to maintain necessary local government services, invest in infrastructure and preserve open space. With long term planning and engagement with the citizens of our community, we will come out of this with Marlboro's reputation and status as a highly desirable suburban destination for families firmly intact.

Surplus Balance Remaining	2311700	7,761,790.72

(Important: This appendix must be Included in advertisement of Budget.)

CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

CAPITAL BUDGET

- A plan for all capital expenditures for the current fiscal year.

If no Capital Budget is included, check the reason why:

- Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line items and Down Payments on Improvements.
- No bond ordinances are planned this year.

CAPITAL IMPROVEMENT PROGRAM

- A multi-year list of planned capital projects, including the current year.

Check appropriate box for number of years covered, including current year:

- 3 years. (Population under 10,000)
- 6 years. (Over 10,000 and all county governments)
- years exceeding minimum time period.
- Check if municipality is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately previous three years, and is not adopting CIP.
