

Winter Storm Grayson #2
January 3, 2018

Dear Resident,

Marlboro has been upgraded to a Blizzard Warning beginning 9:00pm this evening until 7:00 pm Thursday evening. Snow accumulation total estimates have increased and are expected to be 6 - 10". Wind gusting as high as 50mph will cause whiteout conditions and blowing snow and power outages are possible.

The Marlboro Division of Police has sent the following message to residents via the emergency call system:

This is the Marlboro Township Police Department. The National Weather Service is predicting a significant snowfall for our area. Marlboro Township Ordinances require all motor vehicles be removed from all roadways in the Township. Vehicles left in violation of the ordinance will be summonsed and towed at the owner's expense. Residents are also required to remove their basketball poles, brush, and any other obstruction from the roadway. When shoveling driveway entrances, it's better to wait until the snow has stopped and the Township has plowed curb to curb. Do not throw snow into streets and roads that have been plowed. Please restrict driving during this snow event for safety and road clearing operations. Thank you for your cooperation.
